## IMPORTANT NOTICES FOR PURCHASERS

## IMPORTANT NOTICE TO PROSPECTIVE BUYERS OF

 GEMSTONES/JEWELS
## Diamond Grading Terms

DIAMOND COLOUR

We recommend that you view any items you intend to purchase as refunds will not be given for buyer's remorse. This doesn't affect your statutory rights.

## Notes 1 - Coloured Gemstones

Purchasers are advised that whilst great care has been taken in the examination of gemstones, it is not possible to test every gemstone within the constraints of time and equipment available outside of laboratory conditions. Any gemstone not provided with a laboratory report has been assessed by Fellows within the limitations of any mounting and an opinion has been given where possible.

Historically, many coloured gemstones have been subjected to a variety of treatments designed to enhance their appearance. Certain enhancement methods, such as heating, are routinely used to alter aspects of rubies, sapphires, and other gemstones. Oiling is often undertaken to enhance the clarity of emeralds. The international jewellery trade has generally accepted these and other enhancement methods. Some treatments are permanent whereas others may only be semi-permanent, possibly requiring further re-treatment in order to retain their appearance.

Because of the widespread variety of treatments within the jewellery industry, prospective purchasers should assume that all gemstones will have been treated unless statements are made to the contrary. Gemmological reports from internationally recognised Gemmological Laboratories will be noted in the item description where available.

## Note 2 - Diamonds

Advancements in technology have led to some diamonds being treated in a number of ways, all designed to improve their appearance or alter their colour Processes include but are not necessarily limited to: fracture filling, laser drilling, a combination of drilling and filling, HPHT treatment, irradiation and various coatings. Buyers are also alerted to the fact that synthetic diamonds are now produced in large quantities. Whilst every effort is made to identify or disclose treated and synthetic goods, it is not possible for Fellows to guarantee that all diamond set lots do not contain such material.

Fellows do not knowingly offer treated diamonds for sale, unless a gemmologica opinion disclosing the type of treatment has been obtained and the treatment would be stated within the item description

## Note 3 - Weights and Measures

Estimated Diamond weights, colours and clarities (see Notes on Diamond Grading terms opposite) given by Fellows are intended as guides for prospective purchasers, with the given limitations of mounts and settings, and are opinions only, not guaranteed by Fellows.

Weights of coloured gemstones offered are extrapolated on the estimated dimensions, using trade standard formulae. Due to the traditional cutting techniques for coloured gemstones it is possible there may be discrepancy between the stated estimate and the unmounted weight.
Fellows uses a Thermo Scientific Nitron Handheld XRF Analyser to test metals, This technology is limited to examining metal to a depth of approximately 8 microns. Fellows does not guarantee the standard of gold or platinum unless an item is hallmarked. Results from electronically tested items should only be used as a guide and with caution, as false readings are possible

Lengths and weights provided are estimates only.
The information stated in reports is the opinion of the respective laboratory and is not necessarily the opinion of Fellows auctioneers.

## Note 4 - Condition Reports

Statements in the catalogue regarding the condition of lots in this sale may appear in the description, however, the absence of such a reference does not imply a lack of damage or wear, or lack of any further faults within the piece.

Please note that Fellows offer condition reports on almost every lot offered. Our condition reports are the opinion of Fellows and should only be referenced as a guide. We highly recommend that a prospective buyer views in person or sends a epresentative to satisfy themselves to the condition, originality and suitability of a piece(s) before bidding.

7.5 Bidders are strongly encouraged to attend the Auction in person. Bidders shall be responsible for any decision to bid for a particular Lot and shall be deemed to have carefully inspected and satisfied themselves as to its condition. Neither Fellows nor its employees or agents shall be responsible for any neglect or default in doing or failing to do so.
7.6 Bidders are given ample opportunities to view and inspect before any sale and prospective Buyers must satisfy themselves as to all such matters. Neither Fellows or its employees or agents nor the Vendor accept liability for the correctness of such opinions and all conditions and warranties, express, implied or statutory are hereby excluded.
8. THE BUYER
8.1 Immediately a Lot is sold, the Buyer shall:
(a) give to Fellows their name and address and, if requested proof of identity, and
(b) pay to Fellows the Total Amount Due.
8.2 [Fellows may, at its absolute discretion, agree credit terms with the Buyer before an Auction under which the Buyer may be entitled to take possession of Lots up to an agreed value in advance of payment by a stipulated future date of the Total Amount Due.]
8.3 Cheques shall not be acceptable by Fellows (unless Fellows in its absolute discretion permits payment by such method) nor are third party references or credit facilities with other Auction houses. If a cheque is tendered Fellows reserves the right to instruct its bank to check the Buyer's status and account balance before exercising any discretion. Any credit arrangement must be settled at least 4 days before the relevant sale. Any permitted payment by credit card shall carry an extra charge to the Buyer of such percentage of the Total Amount Due as is displayed on the premises.
8.4 Any payments by a Buyer to Fellows may be applied by Fellows towards any sums owing from that Buyer to Fellows on any account whatever without regard to any directions of the Buyer or his agent, whether express or implied.
9. THE PURCHASE PRICE
9.1 On the first $£ 100,000$ of the Hammer Price (of any individual Lot) the buyer will pay the Hammer Price and a premium of $23 \%$ (Plus VAT). The said premium not being negotiable and payable by ALL Buyers. The Vendor authorises Fellows to retain benefi cially the premium payable by Buyers. Value Added Tax is charged at the rate prevailing by law at the date of sale.
9.2 On the excess over $£ 100,000$ of the Hammer Price (of any individual Lot), the Buyer will pay the Hammer Price and a premium of $15 \%$ (plus VAT). The said premium not being negotiable and payable by ALL Buyers. The Vendor authorises Fellows to retain benefi cially the premium payable by Buyers. Value Added Tax is charged at the rate prevailing by law at the date of sale.
9.3 Value Added Tax on the Hammer Price is imposed on all items affi xed with an asterisk thus - *.
9.4 Buyers using the Fellows Live bidding platform will not pay any additional commission, just the buyer's premium. Buyers will pay an additional commission charge of $4.95 \%$ + VAT of the hammer price if lots are successfully purchased online via the-saleroom. Buyers using Easy Live Auction can choose whether to pay a live bidding charge of 3\% +VAT of the hammer price, or a fi xed fee of $£ 3$ per sale. Buyers will pay a commission charge of an additional $5 \%+$ VAT of the hammer price if lots are successfully purchased online via Live Auctioneers.
9.5 Non UK or EU VAT registered buyers can have most classes of VAT refunded on their purchases - please note that auctioneers are under no obligation to provide VAT refunds, although many will offer this service. HMRC are the ultimate refunding authority. VAT refunds are subject to provision of statutory export/import documentation. HMRC have decreed that VAT on buyer's premium is always payable whether the buyer is domiciled in the UK, the EU or outside the EU or wherever the goods are to be sent. So auctioneers cannot refund VAT on buyer's premium if the goods are sold under normal VAT rules.

## 10. TITLE AND COLLECTION OF PURCHASES

10.1 The ownership of any Lot purchased shall not pass to the relevant Buyer until they have made payment in full to Fellows of the Total Amount Due.
10.2 Buyers shall at their own risk and expense take away any Lot that they have purchased and paid for not later than 2 working days following the day of the Auction after which they shall be responsible for any removal, storage and insurance charges.
11. DEFAULT BY BUYER OR VENDOR
11.1 As Fellows act as agent for the Vendor, Fellows is not responsible for default by the Vendor or the Buyer.
11.2 If any Lot is not paid for in full and taken away in accordance with these Conditions, or if there is any other breach of these Conditions, Fellows as agent for the Vendor shall at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise all or any of the following rights and remedies:
(a) to proceed against the Buyer for an action for debt or damages for breach of contract;
(b) to rescind the sale of that Lot and/or any other Lots sold by Fellows to the defaulting Buyer;
(c) to re-sell the Lot by Auction or private treaty. If a lower Hammer Price is achieved on the re-sale than that achieved on the original sale the defaulting Buyer shall be liable for the difference (after crediting any part payment and adding any re-sale costs). Fellows will account to the Vendor for any surplus achieved on a re-sale, however, it shall only be required to account to the Vendor for any resulting deficiency in the event that it receives payment of such sum in full from the defaulting Buyer.
(d) to remove, store and insure the Lot at the expense of the defaulting Buyer and, in the case of storage, either at Fellows' premises or elsewhere;
(e) to charge interest at a rate not exceeding [1.5\%] per month on the total amount due to the extent it remains unpaid for more than 2 working days after the sale;
(f) to retain that or any other Lot sold to the defaulting Buyer until that Buyer pays the total amount due;
(g) to reject or ignore bids from the defaulting Buyer at future Auctions or to impose conditions before any such bids shall be accepted;
(h) to apply any proceeds of sale of other Lots due or in future becoming due to the defaulting Buyer towards the settlement of the total amount due and to exercise a lien on any of the Buyer's property in Fellows' possession for any purpose.
12. DELIBERATE FORGERIES
12.1 Subject to clause 12.2, any representation or statement by Fellows (including in any catalogue) as to authorship, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Prospective Buyers are given ample opportunities to view and inspect before any sale and prospective Buyers must satisfy themselves as to all such matters. Neither Fellows or its employees or agents nor the Vendor accept liability for the correctness of such opinions and all conditions and warranties, express, implied or statutory are hereby excluded.
12.2 Any Lot which proves to be a Deliberate Forgery may be returned to Fellows by the Buyer within 21 days of the Auction provided it is in the same condition as when bought, and is accompanied by particulars identifying it from the relevant catalogue description and a written statement of defects. If Fellows is satisfied from the evidence presented that the Lot is a Deliberate Forgery Fellows shall refund the money paid by the Buyer for the Lot (but not the amount of any consequential loss, damages, expenses or interest) provided that (1) if the catalogue description reflected the accepted view of scholars and experts as at the date of sale or (2) the Buyer personally is not able to transfer a good and marketable title to Fellows.

## 13. LIMITATIONS OF LIABILITY

13.2 Any indemnity under these Conditions shall extend to all actions, costs, expenses, claims and demands whatsoever suffered or incurred by the person entitled to the benefit of it and Fellows declares itself to be a trustee of the benefit of every such indemnity so far as it is expressed to be for the benefit of its employees and agents.

14.2 Any indulgence extended to any person by Fellows notwithstanding the strict terms of these Conditions or the Terms of Consignment shall affect the position at the relevant time only and in respect of that particular concession only; in all other respects these Conditions shall be construed as having full force and effect.
